

PTS Awards 2025 Launched

The Philatelic Traders' Society is delighted to announce that the PTS Awards are back for a sixth year. Launched in 2020 to celebrate the best in the philatelic trade and beyond, the Awards seek to recognise PTS Members and Influencers who go the extra mile to invest in the hobby, innovate, and inspire others. The Awards are well respected within the philatelic community and award winners and runners-up proudly display their PTS Award badges.

This year, we are excited to be celebrating some new award categories:

- Collaboration of the Year
- Campaign of the Year
- Publication of the Year
- Trade Ambassador of the Year
- Philatelic Ambassador the Year

PTS Members and members of the public have submitted nominations across all categories which have now been shortlisted.

Voting is now open.

Winners will be decided based on our public People's Choice vote as well as via an independent judging panel.

Simon Carson, PTS Chairman comments

'The PTS Awards allow us all to recognise those who are setting the gold standard in philately - collaborating, campaigning, publishing, and championing the very best of the hobby and the trade. It's important to take some time at the end of each year to

recognise these incredible contributors from all around the world. We are proud to showcase our nominees and I look forward to seeing who the winners are!'

Voting opens 16th December and closes 29th December 23:59 GMT.

Winners will be announced on the 30th December!

About the Philatelic Traders' Society

Formed in 1928 by a group of established stamp dealers, The Philatelic Traders' Society was created to act for and on behalf of its members for the good of philately. With a Code of Ethics and a service for dispute resolution, The Philatelic Traders' Society is regarded as a reputable organisation within the industry, upholding the values of honesty and integrity. The PTS also organises Stampex at the Business Design Centre in London, and the annual Virtual Stampex online event. <https://www.thepts.net>
